One set of I.D. labels for for labeling bins

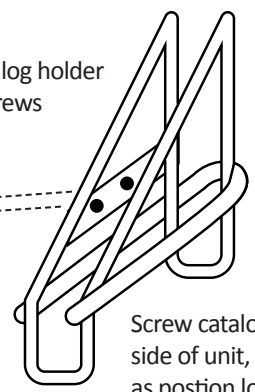

One Assembled Unit

Apply labels provided in numerical sequence on bin fronts

Wire catalog holder with 2 screws

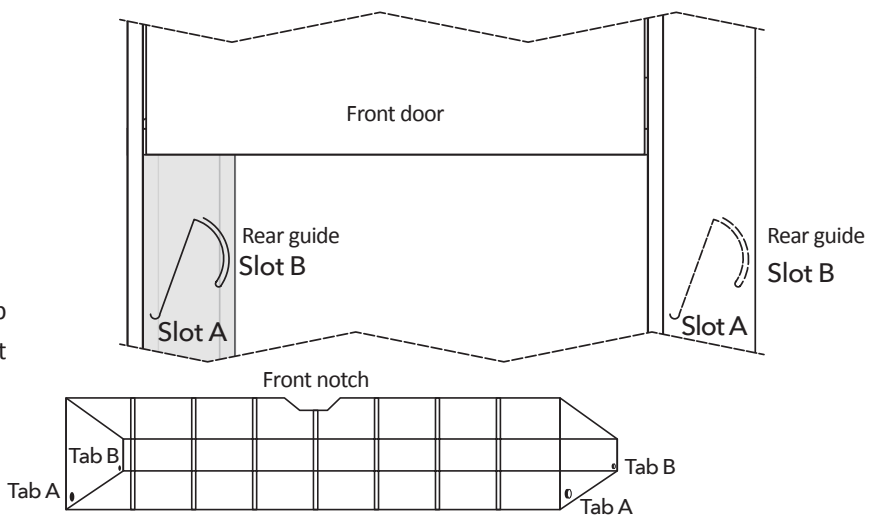

Screw catalog holder onto right side of unit, using holes provided as position locators.

INSERTING PLASTIC TRAYS

INTERNAL CARTON CONTAINS (4) POLYSTYRENE TIP OUT TRAYS

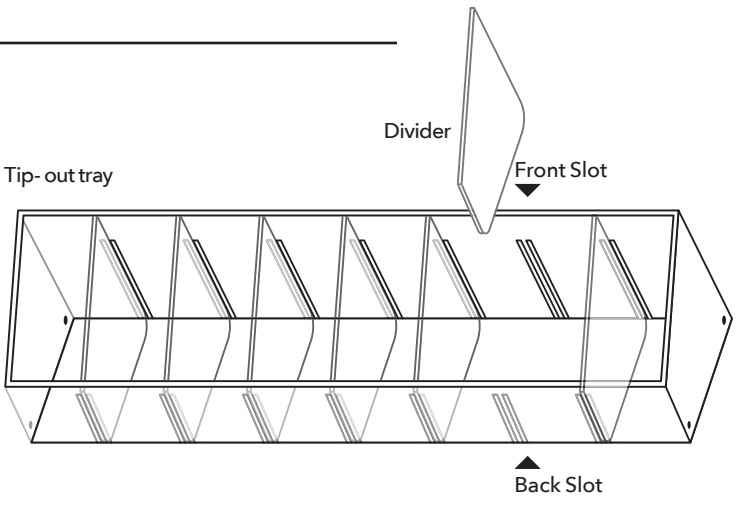

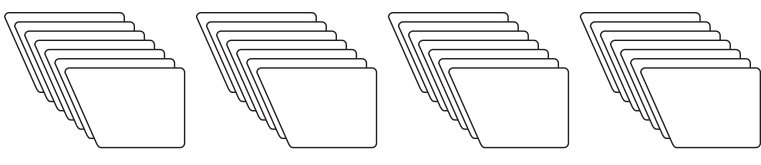

Remove the internal carton, and unpack (4) tip out trays. Beginning at the top, hold the tray with the front notch facing you and the sloped side to the rear as depicted below. Tilt the tray toward you to align Tab A to Slot A. Push the tray back until Tab B on left and right sides align with Slot B, until the tray seats itself in the rear guides and drops into place.

INSERTING PLASTIC DIVIDERS INTO TIP-OUT TRAY

(4) POLYSTYRENE TIP OUT TRAYS WITH (28) DIVIDERS

Each tip out tray has (7) dividers. Install dividers by aligning divider with front and back slots in the tip out tray and slide into position.

Keyhole slots have been provided in the back of your unit. If you wish to hang the unit, this sheet should be turned side ways so that it may be used as a template to locate your hanger positions.
